

## GRADE 2 INQUIRY PASSION PROJECT!

This term as a part of Inquiry, Grade 2's are asked to take part in a passion project! You can continue your passion project throughout the term while we are learning from home as an early finishing activity for when you have completed all your work in the day. You will also be given one inquiry session per week to give time to your passion project! Below is a list of different projects to choose from. If you have a different idea, you can do that too. Keep in mind, the goal of the passion project is to create something or learn a skill. Then, you will write a procedural text on how you completed your project. If you finish your project early, you can choose a new one from the list.

Here are some examples you may wish to choose from:

- Make a board game.
- Have a movie night with your family and write a review of the movie
- Throw a dinner party for your family
- Learn how to finger-knit, knit or crochet
- Make a bird-feeder for your garden
- Plant some seeds in your garden
- Make a snow globe
- Make and paint figurines using dry pasta
- Learn to cook something (e.g., lasagne, bread)
- Learn how to repair a bike tyre
- Make a household chores schedule for your family
- Create a restaurant menu
- Create a photo collage of your family
- Make a blockbuster movie (film it with your iPad)
- Make a city in Minecraft or using Lego
- Make slime
- Make soap
- Make finger or sock puppets and record a movie with the puppets as the characters

In order to do some of these projects, you might have to do some research online to help you. After you have finished, you will write a short procedural text to share with your teachers and classmates how you completed your project. You can use the template below to help you write your report. Here is an example of how to write your report:
